Meanwhile I request the Government if possible to be good enough to give instructions to the Officers who are in charge of the works mentioned above to go to Anagonhalli and inspect the suitable spot where the dispensary etc. are to be built and oblige.

I wish to be informed beforehand on what date the said Officers would find it convenient to go to Anagonhalli to select the spot so that I might make the necessary arrangements to receive them and do the needful.

I beg to remain,

In continuation of this office letter No.C. 3127-29 dated the 3rd of January 1929, I have the honor to state that Mr. A. Naranappa, grandson of Mr. Ramanna, petitioned to select a new site for the proposed dispensary building at Annagondanahalli, as the site formerly chosen contained a kunte which serves as the source of water supply to cattle in the village. Accordingly, the Deputy Commissioner, the President, District Board and myself made a joint inspection of the village this morning.

We were agreed that, by far a more suitable site would be Survey No.101 measuring two acres and three guntas. It is dry land, and is in all respects well suited for the dispensary.

The plot of ground bearing Survey No.278, which was formerly selected is very uneven and cut up. Besides, there is a kunte in it to the filling up of which the Presidents object. It has to be filled up before the site can be built upon. The levelling up of the land otherwise also would

CHIEF SECRETARY.
25 APR. 1929

Dear Sir,

I beg to say that to my letter dated 14th March 1929 to the address of the Executive Engineer Bangalore Division I received reply dated 23rd March 1929 saying "That the estimate for the construction of the dispensary and the quarters for the staff etc. at Annagoundahally have been submitted to Government for sanction. Until sanction is received no further action can be taken.

On 28th March 1929 I sent a ~~repaid~~ reply paid wire to the address of Mr. Rangrao the general Secretary to the Government of Mysore Bangalore, saying "please wire what time Government still require sanction estimate etc. about dispensary built Annagoundahally".

To the above wire I received a reply dated 5th April 1929 from the Chief Secretary to the Government of Mysore saying "that the plans estimates under Secretary by Chief Engineer will be expedited".

Again on 22nd April 1929 I sent a reply paid wire to the address of the Secretary P.W.D. Government of Mysore Bangalore requesting him to inform me by wire when the construction work of the dispensary at Annagoundahally be commenced and to the said wire I got a reply by wire on the same day by the Chief Engineer to the Government of Mysore Bangalore saying "that the estimate under Secretary work will be commen-

60

-ced shortly after Government sanction.

Now I take the liberty frankly to bring to your kind attention frankly that I really could not understand the exact meaning of the replyes which I have received by the said officers of the Government of Mysore. The said dispensary matter is pending in the hands of the Government for the last about eleven months or so but I regret to say the matter has not yet taken a definite shape.

The donor Mr. A. Ramanna residing at Annagoundahalli is my revered old dear father and he is now more than 105 years old and his earnest desire is that the dispensary/question is to be opened for the public use during his life time and in case this could not be done according to the peculiar circumstances of the officers of the Government I believe that at least if the construction work of the dispensary -is to be commenced during his lifetime I would dare say the old man who is on death bed would feel at least a little satisfaction in him.

In case the department which have connections in the Hospital matters are unable to put the matter in action without further delay then I regret to say the circumstances will compel me to send wires to H.H. the Maharajah Saheb Saheb the Dewan Saheb and also the members of the Executive Council requesting them to utilize the amount donated by Mr. A. Ramanna for the purpose of educational matters in the state. Further I being the only remaining son to Mr. Ramanna I believe it would be my moral duty to please him in the best way I could in bringing the matter as far as I could to your kind early attention and action.

Dear Sir,

"Site being acquired before Commencing building. Letter follows.

I write to confirm the marginally noted telegram sent to you yesterday in reply to yours about the construction of the dispensary building at Anagondanahalli.

As you are aware, Government have already passed orders about the constructio of the building and a copy of the Government Order on the subject was also forwarded to you for information. But before the building operations could be actually - taken up, the site has to be acquired and the acquisition proceedings will necessarily take some time as they have to follow certain legal formalities. I may, however, assure you that no avoidable delay will be allowed to occur and the officers concerned will be directed to take immediate action to expedite the construction of the building as soon as the site is handed over to the Medical Department.

Yours faithfully,
